Because Avon Park Air Force Range is an active bombing and gunnery range, there are locations where it is not safe to go. Therefore, group members must arrive together and remain together while on the installation. They must be under the direct supervision of the sponsor who is responsible for all actions of the group. When the group arrives at the installation on the day of the outing, the group must proceed directly to the Outdoor Recreation Office where the sponsor must pay for the entire group and pick up the vehicle passes and permit.
